Special Reception for JIF at St James's Palace

The Foundation's National Council of Imams and Rabbis commissioned a professional scribe to write a special birthday card for the 70th birthday of HRH Prince Charles.

The card is in the form of tryptic of one and a half meter length and over one meter in height contains quotes from the Hebrew Bible and the Qur'an.

Members of the Council will bring the card to St James's Palace to be received officially on behalf of the Prince at a special reception held for them.
