London Bridge Terrorist Attack

**Statement by Joseph Interfaith Foundation - National Council of Imams and Rabbis
Press Release 04-06-17**

"We're sickened and appalled by the deadly terrorist attack last night on innocent people; yet again allegedly in the name of God and Islam, especially in the holy month of Ramadan.

Our thoughts and prayers are with the innocent victims, the dead and the injured, their families and friends.

We condemn and confront all such actions openly and utterly. Their damned ideology is neither for the sake of God nor religion but serves their idols of hatred, death and destruction.

These people will not divide us. We stand untied and resolute as Londoners, as people of faiths and none, and as proud British citizens and loudly declare: " NOT IN OUR NAME."
